

Equal Opportunities

At Artemis Recruitment we encourage diversity. We continually develop a business culture that illustrates the importance of diversity. We are constantly working towards widening the demographic in which we search to make sure we have a diverse candidate and employee database. We encourage our clients to adhere to the same diversity goals.

We continually review all areas of recruitment to avoid unlawful or undesirable discrimination. We communicate the importance of diversity to our employees, workers and candidates and make sure they meet the same targets.

We treat everyone equally irrespective of gender reassignment, sexual orientation, sex, age, disability, race, colour, marital or civil partnership statues, ethnic or national origin, membership or non-membership of a Trade Union or spent convictions, political beliefs and pass on this commitment to all staff to respect and act in accordance with this policy.

We do not advertise/search on roles that indicate excluding a particular gender, sexual orientation, age, racial group or religion or which excludes disabled applicants or marital/civil partnerships.

We do not discriminate when making a decision about which candidate/temporary candidate to place into a vacancy or assignment, or in any employment terms.

We evaluate each candidate purely on their standard, qualifications and ability to meet the criteria we have been given for each vacancy.

We cannot and do not agree to demands that indicate unlawful discrimination from clients.
